A \$46 billion record

Pharr sets new high for 16th time in 20 years

All in all, 2022 was a good year for exports and imports in Pharr. For the 16th time in the last 20 years, total trade set a record. That's an impressive run. The 2022 total was \$46.44 billion, the second consecutive year above \$40 billion, and an impressive 37.96 percent increase over a five-year period.

Pharr moved ahead of the Port of Tacoma to rank No. 29 among more than 450 U.S. airports, seaports and border crossings for the value of its trade. It ranked seventh in the nation

among border crossings, trailing two in Texas (Port Laredo and Ysleta-Zaragoza Bridge in El Paso), three along the Canadian border (Detroit and Port Huron in Michigan and Buffalo in New York) and one in California (Otay Mesa).

In 2022, Pharr also eclipsed its previous export record. It was the fourth record in the last five years, the exception being the Covid-19 year of 2020. The 2022 total of \$18.74 billion was a 14 percent bump from 2021 and a 59.96 percent gain over the last five years.

Fifteen of the top 20 exports increased

President's Note

Ken Roberts

in value, with gasoline and other refined petroleum products increasing \$1.97 billion to \$3.25 billion, enough for it to solidify its hold on its No. 2 rank among all exports in 2022. The gain for all Pharr exports in 2022 was not much more, at \$2.30 billion.

On the import side of the equation, Pharr also set a record, also its fourth in the last five years. The 2022 total of \$27.7 billion was a 9.71 percent increase over 2021 and 29.02 percent over two years ago.

@TradeDataGuy

Para Pharr otro año de comercio récord

En general, 2022 fue un buen año para las exportaciones e importaciones de Pharr. Por decimosexta vez en los últimos 20 años, el comercio total estableció un récord. Esa es una carrera impresionante. El total de 2022 fue de \$46.44 mil millones, el segundo año consecutivo por encima de los \$40 mil millones, y un aumento impresionante del 37.96% en un plazo de cinco años.

Pharr se adelantó a Port of Tacoma para ocupar el puesto 29 entre más de 450 aeropuertos, puertos marítimos y cruces fronterizos de EE. UU. por el valor de su comercio. Ocupó el séptimo lugar en la nación entre los

cruces fronterizos, detrás de dos en Texas (Port Laredo y Ysleta-Zaragoza Bridge en El Paso), tres de la frontera canadiense (Detroit y Port Huron en Michigan y Buffalo en Nueva York) y uno en California (Otay Mesa).

Pharr también eclipsó su récord anterior en 2022 de sus exportaciones. Fue el cuarto récord en los últimos cinco años, con la excepción del año 2020 debido al Covid-19. El total de 2022 de \$18.74 mil millones fue un aumento del 14 por ciento con respecto al 2021 y un 59.96 ganancia porcentual sobre los últimos cinco años.

Quince de las 20 principales exportaciones aumentaron en valor, con gasolina

y otros productos refinados del petróleo aumentando \$1.97 mil millones a \$3.25 mil millones, lo suficiente para concretar su posición en el puesto número 2 entre todas sus exportaciones en 2022. La ganancia entre todas las exportaciones de Pharr en 2022 no aumento mucho más, con \$2.30 mil millones.

Por el lado de las importaciones, Pharr también estableció el cuarto récord en los últimos cinco años. El total de 2022 de \$27.7 mil millones fue un aumento del 9.71 por ciento con respecto a 2021 y 29.02 por ciento con respecto a los últimos dos años.

@TradeDataGuy

our products

WorldCity has been producing TradeNumbers publications since 2001 for airports, seaports and border crossings across the United States. They are published annually in three formats: the Executive Summary format, a full 64-page magazine format, and a handy pocket-sized version. WorldCity also hosts a website, ustradenumbers.com, updated monthly with pages of data for more than 200 countries, more than 1,800 specific export and import commodities, and more than 450 airports, seaports and border crossings. WorldCity syndicates its content to airports, seaports and border crossings, updated monthly including Pharr. Data for those ports is also "unlocked" and available to all at ustradenumbers.com.

International Bridge

Your Connection.
Your Business.
Your Bridge.

INVESTING *Big...* ...FOR *Faster* TRADE

Building sustainable infrastructure today to meet the needs of tomorrow.

Bridge Expansion (2nd Span) Project
Construction starts in 2023

Competitive Advantage:

- 4 Additional Lanes–F.A.S.T. Lanes
- Intelligent Traffic System
- Increased Capacity & Efficiency

DAP 16 Project
Construction starts in 2023

Competitive Advantage:

- Cold Chain Streamlined Ag-Produce Inspections
- Dry Goods Process Improvements
- Increased Commercial Truck Throughput

DAP 15 Project
Construction ends in 2023

Competitive Advantage:

- 2 Additional Primary Lanes & 2 Exit Lanes
- Gate-to-Gate Service for Maximum Efficiency
- Reduced Truck Wait Times
